

ALAMO, GEORGIA

Welcome to Oconee River Lodge

Here at Oconee River Lodge, Our Goal is for you to have a great trip with lots of success. We thrive for Our Hunters to become a forever repeat customer, in the future years to come! We have 7200 private acres, 100 different stand set ups including tower stands looking over food plots, lock ons, and ladder stands over corn piles or feeders. We bait year round, feed protein and run cell game cameras all year to keep up with our game. We have a cozy 5k sq. ft. lodge with 6 bedrooms, and 4 bathrooms with full game room. We also have 4 flat screen t.v.'s to enjoy your favorite football games or whichever you choose. You can also Enjoy prime fishing in our stocked ponds at our lodge. We are a very low pressure, low volume, with a high success rate hunting operation. These Georgia Swamps by far, are the best places in the south to harvest trophy bucks and boars. They do grow much bigger here, than most places in the South. We only take 8-10 hunters at a time to make sure that every hunter has a great experience here with us! Oconee River Lodge is under strict management to grow big mature bucks. We abide by these rules so Our Hunters can have a successful trophy deer hunt. We also have an abundance amount of wild boars with some very big trophy hogs strolling through our swamps as well. We do hunt the wind daily, and it will depend on what stands are sat mornings and evenings. We also bait year-round to try our absolute best to keep all the animals on our property as much as we can. The layout of Oconee River Lodge is old school. We like to make it to where you can kick back around a campfire in the evenings, have a few beverages, enjoy some good cooking and make your plans for the next morning. We guarantee a great experienced hunt with knowledgeable guides and a great time all around. Book today for a hunt of a lifetime, and leave as family.

OCONEE RIVER LODGE

HUNTING PACKAGES & PRICES
